

Woody wall tank

With a wooden finish

EXCLUSIVE *line*

Each tank is unique

Surface-structure looks surprisingly realistic

- Particularly robust decorative rain-water storage tank with a wooden finish so it can be installed next to an outside wall
- Large storage volume with little space requirement
- Each tank is unique
- Wind protection and inlet seal included in scope of supply
- Incl. tap opening on 2 sides
- Tank must be emptied if there is a risk of frost
- Water can be extracted with ease using the tap or universal hose kit (accessories, page 30)
- Tap can be installed with ease (accessories, page 30) thanks to preformed threaded connection
- Particularly UV-stable and weather-resistant
