

Nice – easily positioned ladder design with round tubes

Momento™ option

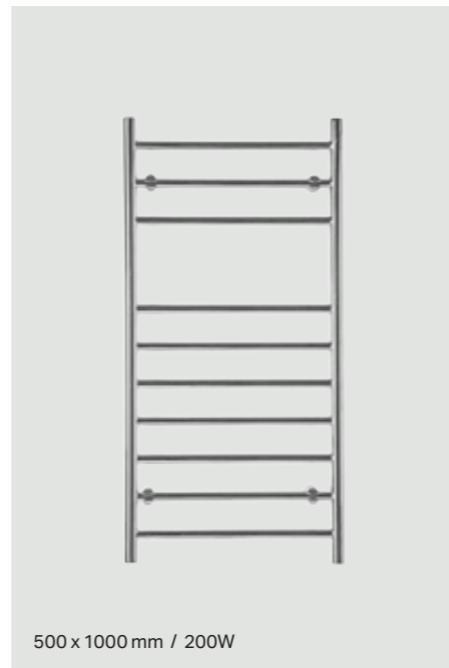

Nice is a classic ladder model and is easy to position thanks to its simple, streamlined design in a practical format. It's just as suitable in your holiday home as in your bathroom in town. Generous spacing between the tubes makes it easy to hang up and dry your towels.

Combined towel warmer 
 Heat Water-filled.
 Choose between an electric heating element or connect it to the radiator circuit with a radiator valve or combine to have both.
 Width 500 mm
 Height 1000 mm
